

## BIKE OPTIONS IN BURGUNDY

The high quality, lightweight touring bike is the default bike included in all our regular tours. With flat handlebars, lighter and with slightly thinner tires than a mountain bike, and comfortable position for a full day of explorations, it is perfectly suited to the rides and terrain on your trip.

Upon request, you can have a road bike or an electric bike for a supplement; contact us for details

**TOURING**

**ROAD**

**E-BIKE**
