

## BIKE OPTIONS IN THE DORDOGNE

The high quality, lightweight Hybrid bike is the default bike included in all our regular tours. With flat handlebars, lighter and with slightly thinner tires than a mountain bike, and comfortable position for touring, it is perfectly suited to the rides and terrain on your trip.

Upon request, you can have a road bike or an electric bike for a supplement – contact us for details

**HYBRID**

**ROAD**

**E-BIKE**

### All our hybrid bikes come equipped with:

Removable handle bar bag with clear map case, flat tire kit (with extra inner tube), pump, lock, rear rack and panniers (1 set per couple) water bottle holder and water bottle, bell and kickstand.

### On request (free of charge):

- Helmet
- Toe cages for the pedals
- Second set of back panniers

■ Men's Frame

■ Women's frame

## HYBRID BIKE (included in trip cost)

**ORBEA Travel.** High quality hybrid bike, lightweight Aluminum frame, Shimano ACERA accessories, 27 gears.

Removable handle bar bag with clear map case, pump, flat tire kit (with extra inner tube), pump, rear rack and panniers (1 set per couple) water bottle holder and water bottle, kickstand, lock and a bell.

## RACING BIKE

■ Racing bike

**BULLS Harrier 1.** Lightweight aluminum frame with comfortable, compact geometry. This series will fit riders from 1m55 to 1m93 (5'1ft to 6'4ft).

Equipped with removable handle bar bag with map case, repair kit (with extra inner tube), pump, water bottle holder, water bottle and lock.

## E-BIKE

■ Women's frame

**BH Easy Motion Panasonic City Wave.** The E-Bike makes getting around easy. With comfortable geometry, (dropped mid-bar) and powered with a 12 amp battery, it allows you to do more than 60 Km without pedaling too much!

Equipped with removable handle bar bag with map case, repair kit (with extra inner tube), pump, rear rack and panniers, water bottle holder, water bottle, kickstand, lock and a bell.
